RProject

The screenshot displays the RStudio environment with a project named 'environmental_data'. The interface is divided into several panes:

- Console:** Shows the R version (4.1.1) and the path to the project directory. It also displays the R startup message, including the license and contributors.
- Environment:** Lists the objects in the global environment, including 'Animals', 'CO2', 'iris', 'mat_1', 'mat_2', and 'mat_3'.
- Files:** Shows the file structure of the project, including subdirectories like '.RData', '.Rhistory', and 'environmental_data.Rproj'.
- Plots:** Empty pane for displaying plots.
- Packages:** Empty pane for managing installed packages.
- Help:** Empty pane for accessing R documentation.
- Presentation:** Empty pane for presenting slides.

The status bar at the bottom indicates the current temperature is 82°F and the time is 15:39.
